EUROPEAN UNION

HORIZON 2020

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 801199.

Opening Remarks 1/2

- Total number of applicants: 1,091
- Applicants who left the field for department blank: 780
- Applicants who left the field for programme area blank: 781

Explanatory note: the applicants were requested in one of the mandatory application templates to indicate a department and programme area. Since many applicants did not use the templates (768 applicants) or only to some extent (258 applicants), they did not provide this information. In a couple of cases, the applicants chose a department but not a programme area, and vice versa. (The applicants were not penalized for doing so.) This explains the numbers: 780/781.
